ABOUT US

A factory built for brands

PandOrigin produces private-label apparel and footwear for brands, designers and e-commerce teams. A 7,326 sqm apparel site in Weiyuan, Sichuan and our own footwear plant in Chengdu, under one buyer contact.

12 yrs	7,326 sqm	200k pcs	AQL 2.5
OEM/ODM	site area	monthly capacity	final inspection

Full-category development	Women's, men's, kids' and footwear run through one development process — patterns, fabrics and colour codes stay consistent across categories.
Private label and packaging	Neck labels, care labels, size labels, hang tags, barcodes and custom packaging handled inside one order.
Fabrics and testing	In-house fabric library plus certified mills; colour fastness, shrinkage and performance tests arranged to destination-market rules.
Three-stage QC	Cut panels, work-in-progress and final inspection. Final AQL 2.5 sampling, with SGS or BV third-party inspection supported.
Consolidated shipping	Apparel and footwear can be consolidated into one customs entry and one freight bill.

HOW WE WORK

From a reference image to a bulk shipment

01

Brief and references

Send a style sketch, a reference sample or a tech pack, with quantity, fabric and destination market.

02

Quote and feasibility

Within 24 hours: pricing range, fabric options and a straight answer on construction.

03

Sampling

5–7 days for standard styles, 7–10 for complex ones. Fit, hand-feel and colour confirmed.

04

Order and materials

Tech pack signed off, 30% deposit, fabric and trims booked in parallel.

05

Bulk production

20–25 days standard, 25–35 for complex builds, with in-line inspection.

06

Final inspection and shipping

AQL 2.5 final sampling, packing list and export documents, shipped as agreed.

THREE INSPECTION GATES BEFORE GOODS REACH YOUR CUSTOMER

Cut panels

Panels checked for shade variation and defects — fabric problems stop here.

Work in progress

Measurements, construction and trims verified line by line, corrected on the spot.

Final inspection

AQL 2.5 sampling with a written report; SGS or BV third-party inspection on request.

MOQ, lead times and construction notes in this catalogue assume standard conditions. Special fabrics, dyed-to-order lots and complex builds are assessed separately against the confirmed tech pack.

CONTACT

Turn the catalogue into a quote

Tell us the category, quantity and destination. Pricing, fabric advice and a sampling plan within 24 hours.

PandOrigin · Apparel & Footwear OEM / ODM

Apparel in Weiyuan • Footwear in Chengdu • 500 pcs MOQ • 5–7 day samples • 20–25 day bulk • third-party inspection supported

Three things that get you a quote fastest

1. A reference: an image, a sample or a tech pack — any one of the three.
2. Quantity and colours: pieces per style per colour, and whether sizes are split.
3. Destination and delivery date: this sets fabric compliance and scheduling priority.

MOQ, lead times and construction notes in this catalogue assume standard conditions. Special fabrics, dyed-to-order lots and complex builds are assessed separately against the confirmed tech pack.
